Special stitch

BPSC - back-post single crochet

This stitch changes the crochet plane. The holder base is worked horizontally; the walls are then worked vertically.

1. CH 1 and turn the work. You will now work from the outside.
2. Insert the hook through the stitch post from top to bottom.
3. Insert the hook through the next space from bottom to top.
4. Work 1 SC. Repeat across the entire row.

When viewed from the back, the row sits vertically, perpendicular to the base.

paredes en un plano vertical.
- Hacer 1 cad y girar la labor, ahora trabajarás al revés para tejer desde el exterior.
- Insertar el ganchillo en un espacio de arriba hacia abajo (foto 2);
- Insertar luego el ganchillo en el siguiente espacio de abajo hacia arriba (foto 3);

Hacer un punto bajo. Repetir toda la hilera. Si miras hacia atrás, notarás que la hilera está echa en un plano vertical, perpendicular a la base☺

Color palette

The original samples use YarnArt Jeans Plus cotton yarn, 100 g / 160 m (3.52 oz / 174-98 yd). You may use a substitute with similar yardage or hold two strands of #2 yarn together.

Chicken: change to black and work SL ST around the entire edge.

Leave a long tail to sew the eyes, or a short tail if gluing. Glue two small plastic eyes onto the white eye pieces.

Assembly

Sew all elements for each variation in place as shown in the reference photo. Add stuffing to the snout before sewing it completely. Embroider the nose on the snout. Sew or hot-glue the eyes in place. For eyelids, attach one end of a short black yarn strand to the eye and secure the other end to the base with a small drop of glue.

Finished variations

Fox, turtle, raccoon, llama, angry dragon and chicken eyeglass-holder variations.

Check the placement of every ear, snout, eye and decorative element against the finished-product reference before permanently sewing or gluing it.
